

B2B Solution

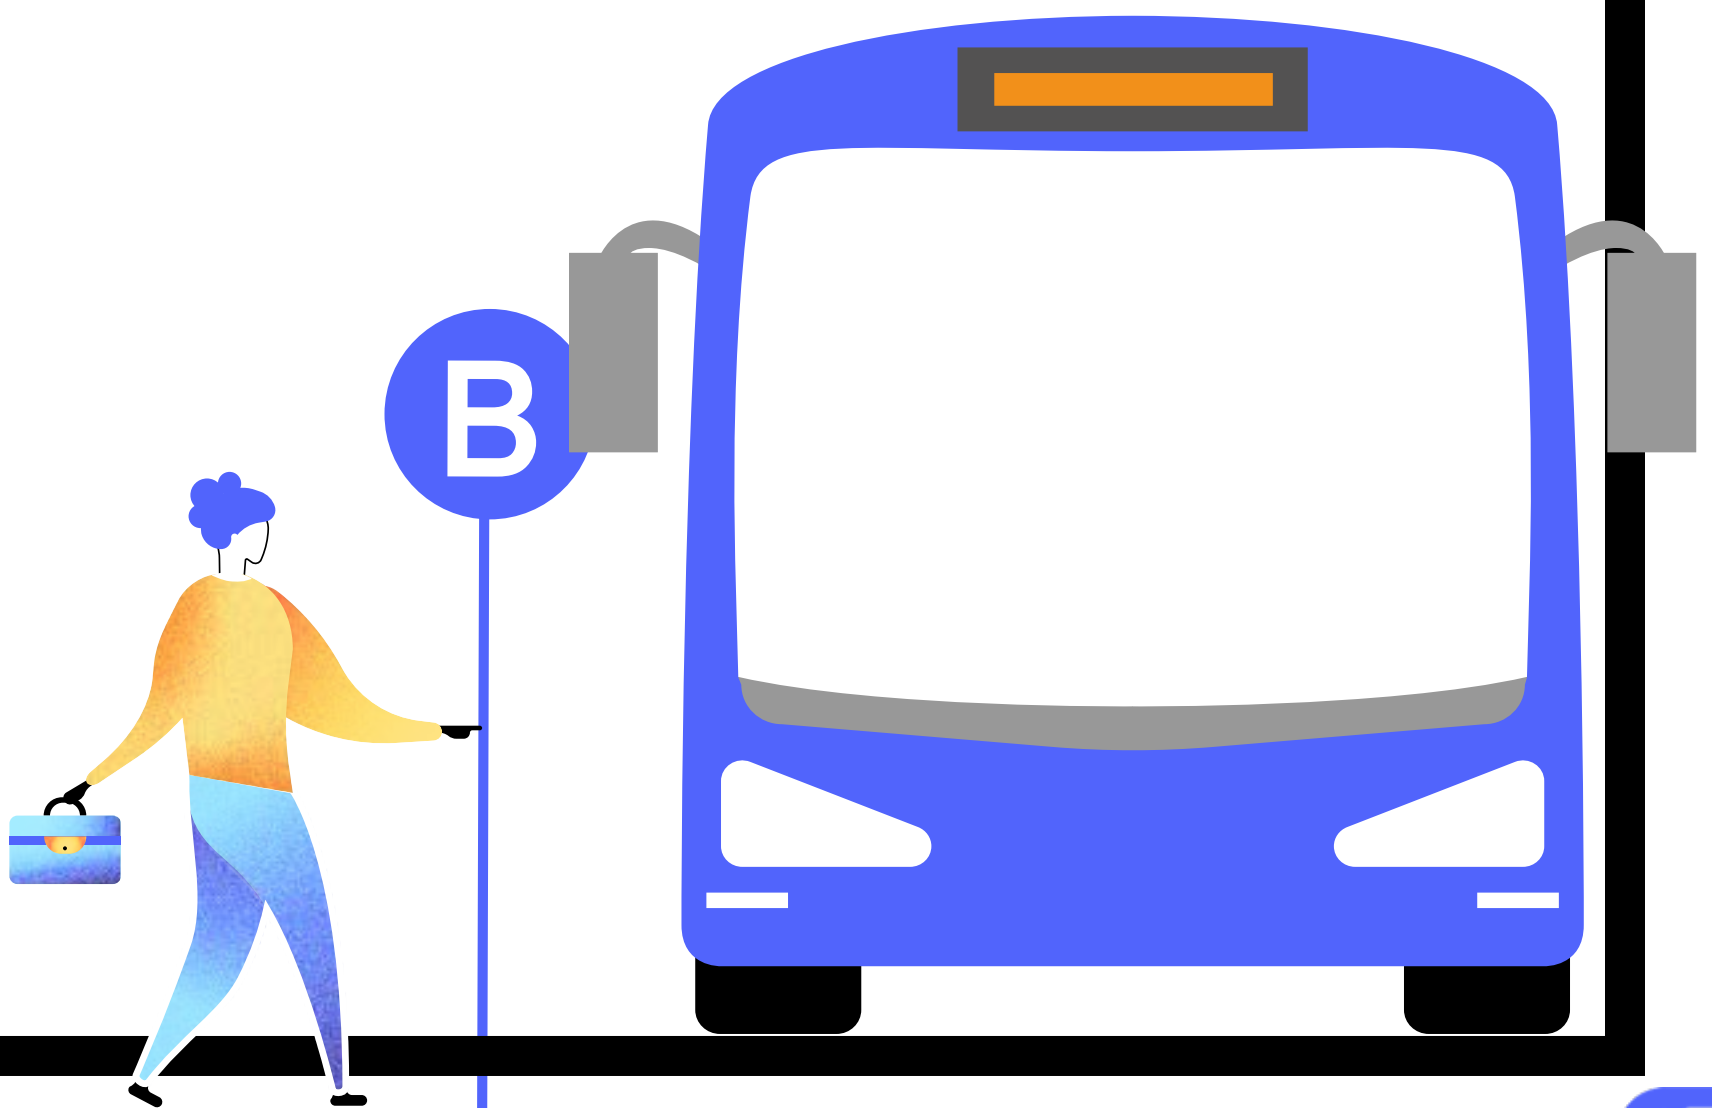

How can **MaaS**
ease your
employees'
return to the office ?

54%

of employees are
reluctant to the use of
public transit after the
first confinement

Based on the CSA Institute's Transportation and
Mobility Study

WINNING ALTERNATIVES FOR THOSE RELUCTANT TO USE PUBLIC TRANSPORT

- 70% would rather use the car
- 49% prefers walking
- 39% prefers biking

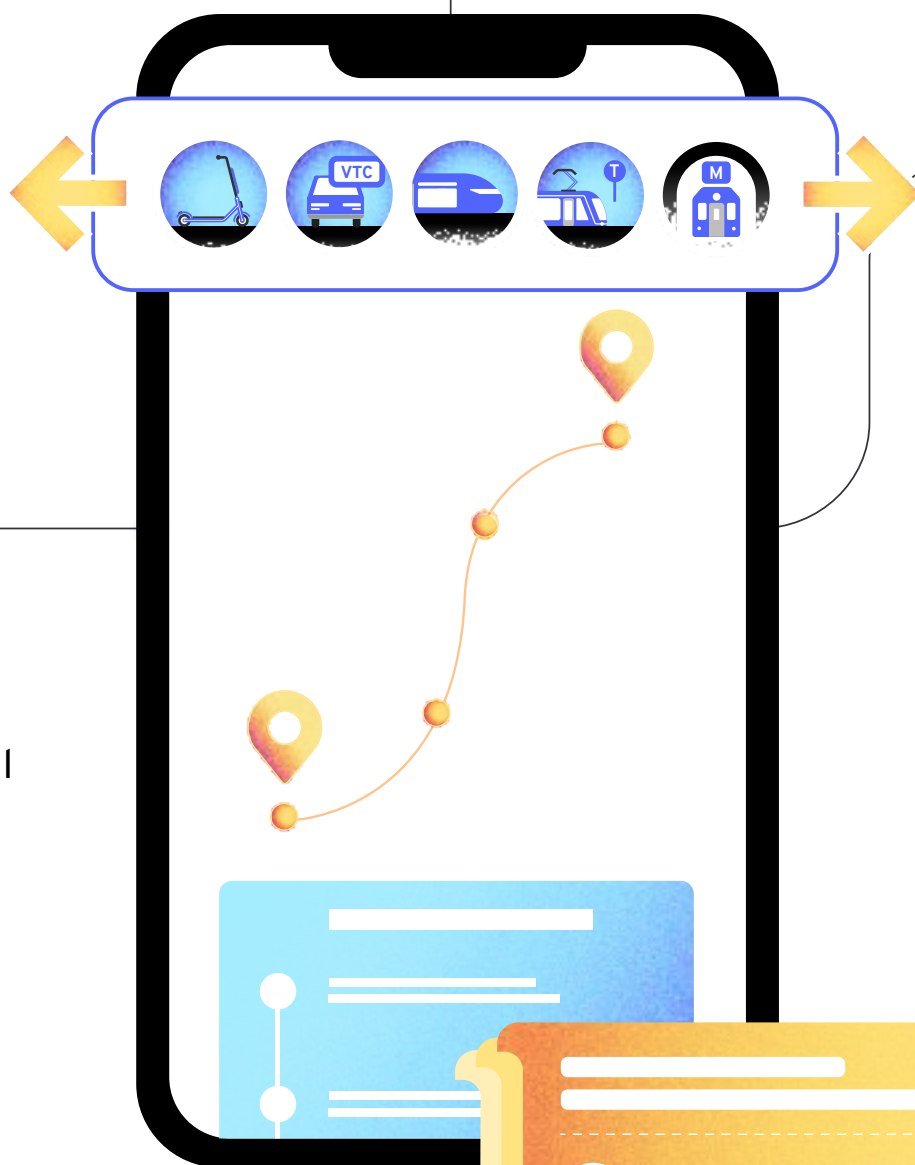

The solution

The internal deployment of a MaaS platform

Access to the booking of all mobility services

Public, private & corporate transportation

Passenger Information

Schedules, traffic conditions

Route planning

Multimodal / Intermodal

Payment without redirection

Centralized ticketing

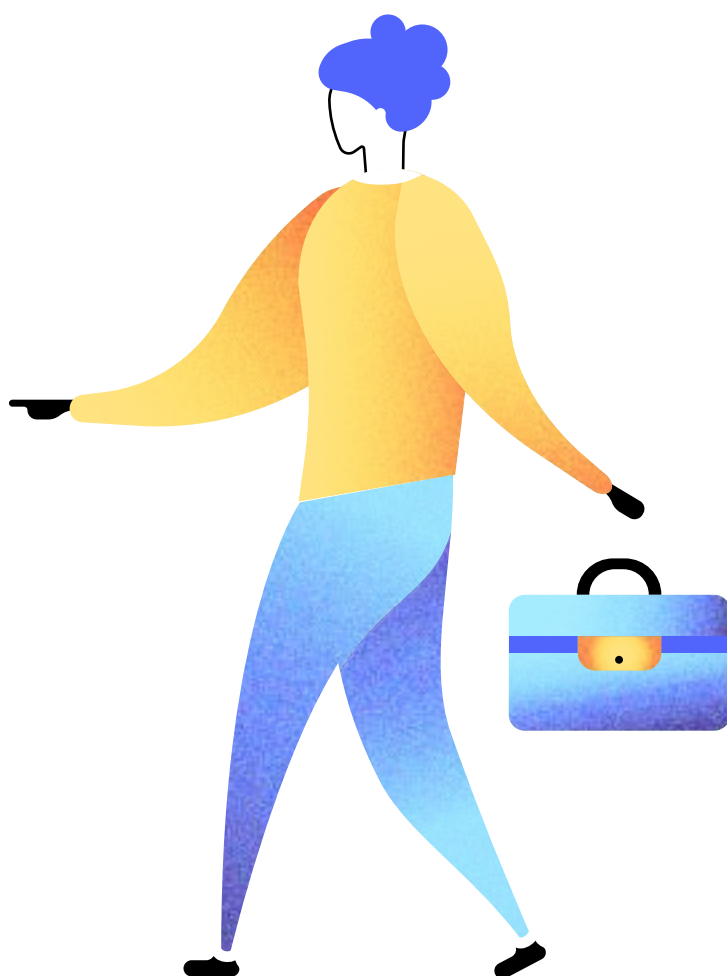

3 reasons to adopt it

Promotion of **shared and sustainable** mobility

Reduction of your **company's mobility costs**

Ensuring **the safety** of its employees

The toolbox that simplifies
the development of your MaaS platform
